EDUCATION

- B. TECH Information Technology** 2021-2025
Sri Balaji Chockalingam Engineering College, Vellore (Anna University) CGPA: 8.19
- Higher Secondary Certificate (HSC)** 2019-2021
Sri Vijay Matriculation HR Sec School, Vellore 78%

TECHNICAL SKILLS

- Programming Languages:** Python (Advanced), Java (Intermediate), HTML/CSS (Proficient)
- Technologies & Frameworks:** Django, Spring Boot, REST APIs, Bootstrap, Git
- AI/ML Tools:** TensorFlow, YOLO, Ollama, OpenCV, Scikit-learn
- Database & Tools:** MySQL, MongoDB
- Core Competencies:** Machine Learning, Web Development, Computer Vision

TECHNICAL PROJECTS

- Smart Eye – AI & IoT Based Vision Assistant | Team Lead** 2024
 - Developed an AI-based assistant for visually impaired people.
 - Implemented object detection and voice feedback features.
 - Integrated IoT devices for real-time environment monitoring.
- Offline Voice-Based Assistant | Lead Developer** 2023
 - Developed an offline voice assistant using Python.
 - Enabled voice command recognition and task execution.
 - Improved response speed through local processing.
- Spam Detection and Prevention System | Developer** 2022
 - Built a spam detection system using machine learning.
 - Classified-messages as spam or non-spam.
 - Improved filtering accuracy through data preprocessing.

INTERNSHIPS

- Web Designer** Aug 2024 - Aug 2024
Flash Info-labs Private Limited Arcot, Tamil Nadu
 - Learned Spring Boot, SQL and REST APIs for backend development
 - Integrated front-end technologies with backend services
 - Gained hands-on experience with Spring Boot framework and its core concepts

ACHIEVEMENTS

- Secured First Place in National Conference for SMART EYE (2020)
- Won prizes in Sports, Hackathons– which shows the personality of involvement and strong communication skill

CERTIFICATIONS

- Stock Price Prediction (IBM)** | Advanced ML algorithms, data visualization, statistical analysis
- Microsoft Office Fundamentals** | Proficient in Word, Excel, PowerPoint, Outlook, and Paint
- DevOps Fundamentals** | Basics of DevOps practices and tools
- Oracle Cloud Infrastructure Foundations** | Basics of Oracle Cloud Services

INNOVATION

- SMART EYE** | AI & IoT Based Vision Assistant | Using Python, Deep Learning, IoT
- PORTFOLIO** | To showcase my profile | [portfolio](https://soldier-soft.github.io/elangovan_portfolio/)-https://soldier-soft.github.io/elangovan_portfolio/
